About the Summer Work

This booklet contains a number of tasks that students are expected to complete to a good standard in order to be able to be enrolled in this subject.

Information about how you would like the summer work to be completed on A4 paper and brought to first lesson,

The work handed in should be:

- written in black or blue ink on A4 lined paper
- written in full sentences with no copying and pasting from external sources
- have all compulsory tasks completed
- have student's full names on each sheet
- multiple sheet should be connected together

Welcome to Health & Social Care Diploma

Subject outline

What does it mean to study Health & Social Care?

A true love of Health and Social Care involves learning about the domain Health and Social Care. We teach beyond the specification requirements, but do ensure students are well prepared to be successful in their qualifications.

What does an excellent student of Health & Social Care look like?

- The student goes over the PowerPoints at home.
- Does research via the recommended text book and the web
- Attends every lesson
- Bring their equipment with them: folders, stationary, note pad

How does your subject relate to the us in the year 2022?

What core skills or attributes will your subject develop?

Cognitive and problem-solving skills: use critical thinking, approach non-routine problems applying expert and creative solutions, use systems and technology.

- Intrapersonal skills: communicating, working collaboratively, negotiating and influencing, self-presentation.
- Interpersonal skills: self-management, adaptability and resilience, self-monitoring and development.

What sort of work will students be expected to do outside of lesson time?

Our belief is that homework should include deliberate practice of what has been modelled and taught in lessons, as well as spaced revision to ensure students are developing high level skills with precise knowledge and informed understanding of Health and social care. In addition, students are empowered to extend content that teachers have introduced, in order to achieve subject mastery.

-Coursework

-Researching topics in Health & social care

-Responding back to feedback to assessments
