## Welcome to Spanish

### Subject outline

In 15 years time, there will be 600 million Spanish speakers worldwide. Spanish is the second most spoken language in the world, but the A level course is more than just a language. It embraces an appreciation of Hispanic culture and society, including the critical study of literature and film, and multiculturalism and political life. It is an extremely flexible qualification which goes with any number of permutations, and will give you a unique selling point as part of your academic portfolio. Spanish A level will allow you to acquire the knowledge, skills and understanding for practical use, further study and employment. It will allow you to gain an appreciation of a different culture as well as challenging you to think from a different perspective. It will also improve your English.

As the 8<sup>th</sup> Century emperor Charlemagne put it, to speak another language is to possess another soul.

The A Level specification builds on the knowledge, understanding and skills gained at GCSE. It constitutes an integrated study with a focus on language, culture and society. It fosters a range of transferable skills including communication, critical thinking, research and creativity.

In the first year, aspects of the social context are studied, together with the artistic life of Spanish speaking countries. In the second year, further aspects of the social background are covered, this time focusing on matters associated with multiculturalism. We also study the political landscape including the future of political life in the Spanish speaking world by focusing on young people and their political engagement. We will study one film and literary text in the foreign language. Authentic materials such as magazine and newspaper articles and interactive websites are used to supplement course texts.

An excellent student of A-Level Spanish has many of the following attributes:

- a thirst for acquiring new vocabulary and structures
- a strong attention to detail to master tenses and grammatical structures
- a genuine interest in aspects of the Spanish-speaking world or common global issues
- high levels of grit and resilience when faced with challenging texts
- someone who sets their own boundaries, beyond those set by the teachers
- a desire to read and listen to authentic Spanish material on a regular basis, going beyond the independent study set
- finds time to practice speaking Spanish regularly to develop spontaneity
- reads and watches good-quality non-fiction to understand common global issues and trends

## Summer work tasks

### 1. Know your Top 80 verbs and demonstrate you can conjugate them in the Present and Preterite tenses (3 hours approx.)

Task: Conjugate the Top 80 verbs in the attached document in all six parts for both the Present and Preterite tenses, following the example. Write / type any irregular conjugations in a different colour. Highlight what patterns you can spot across the 80 verbs- which verbs behave the same?

For this task, you are **strongly advised** to use Verbix to check your work thoroughly:

<https://www.verbix.com/languages/spanish.html>

Purpose: The Present and Preterite tenses are the most difficult to conjugate and have the most irregulars, however they are the most used tenses in everyday Spanish. You must be able to conjugate the Present and Preterite tenses accurately in order to be able to form the Subjunctive correctly. You have probably used the odd subjunctive at GCSE, but the Subjunctive will be used extensively at A Level.

### 2. Know and explain Grade 8/9 language features at GCSE (30 minutes approx.)

Task: Read the Grade 9 text below and answer the questions below to show your understanding of higher language at GCSE.

Purpose: It is essential that you are aware of and can apply many of the Grade 8/9 features at GCSE in order to be successful at A Level.

#### Grade 9 text

2 (a) Recientemente usted ha participado en una obra de teatro en su instituto.

Escriba usted un artículo para una revista escolar española para interesar a otros estudiantes en esta experiencia.

¡Participar en una obra es una experiencia inolvidable!

Me gusta el teatro desde hace diez años. Cuando era pequeña, bailaba y cantaba mucho. Por eso, tomar parte en la obra de mi insti fue una idea muy emocionante para mí.

La obra fue increíble dado que los profesores de teatro en mi insti son tan simpáticos. A mi modo de ver, lo mejor de participar en una obra es que se puede conocer a mucha nueva gente, que me gusta ya que me encanta hacer nuevos amigos.

Aunque nunca he hecho una obra en mi instituo antes, todo el mundo era amable. Lo recomendaría a todos.

La experiencia me eñsenó mucho, pero, a mi juicio, lo más importante fue la importancia de amistad. También, aumentó mi confianza mucho que es genial, dado que, antes de la experiencia, era bastante tímida.

# SUMMER WORK 2022

Si pudiera, me gustaría hacer la obra otra vez porque la disfruté mucho. Mis padres dicen que, hoy en día, hablo de teatro de sol a sol. Así que, el año que viene, voy a participar en una obra de Shakespeare con otros jóvenes. Mucha gente dice que Shakespeare es aburrido, pero yo no creo que sea verdad. De hecho, según lo veo yo, sus historias son muy interesantes y por eso disfrutaré la experiencia mucho.

1. Translate: "Me gusta el teatro desde hace diez años". Why is this higher level?

---

2. "Cuando era pequeña, bailaba y cantaba mucho". Which tense is used in this sentence and why?

3. "Para mí" is one of the ways of saying "In my opinion". Find two other different ways of saying "In my opinion" in the text.

---

---

4. Translate: "se puede conocer a mucha gente nueva".

---

---

5. Which tense is "he hecho"? When do we use this tense?

---

6. Why is "lo recomendaría a todos" higher level? Think about the first word.

---

---

7. What is the difference between "la importancia" and "importante"?

---

---

# SUMMER WORK 2022

8. Translate “aumentó mi confianza”. Which tense is this and why is the accent essential?

---

---

---

9. Translate “si pudiera”. Which subjunctive is being used here and why?

---

---

---

10. “De sol a sol” (from dawn until dusk) is an idiom, as “from sun until sun” does not make sense in English. Research and write down 5 more Spanish idioms.

### 3. Apply this knowledge to your own work (1 hour 30 minutes approx.)

Task: Answer **either** of the two questions, writing at least 150 words, using your very best Spanish and aiming to include some of the features mentioned in Exercise 2.

Purpose: It is vital that you do not go up to three months without practising your written Spanish. Obviously knowing the grammar is not enough: we need to apply the grammar in order to be able to communicate. If you do not want to do this task, then A Level Spanish is probably not for you!
